GENERAL BOILER

MARINE VERTICAL STEAM BOILER

6 Through 50 Horse Power

ASME Construction, Nat'l Board, CSD1, Listed, ETL-UL/ANSI Certified

Reduces Fuel Cost:

Delivers high quality dry steam with its high efficient power burner

Fuel Versatility:

Designed to burn natural gas, propane (LPG), other MFD gases, and light oil (Diesel #2)

Rapid Response:

Provides rapid response to sudden fluctuating load demands, maintains proper pressure, and maximizes fuel economy.

* Available for steam at 15, 100, 125, 150, 250, and 450 PSI

* Available with Low Emissions Burner (Low NO_x)

ASME®

Made in the U.S.A
